### BOARD OF WATER AND SOIL RESOURCES

EXECUTIVE DIRECTOR – JOHN JASCHKE, ST PAUL

BOARD CONSERVATIONIST – TARA OSTENDORF, WAITE PARK

### **Services Provided by the District:**

- Tree planning, planting, and fabric installation.
- Technical and financial assistance through state cost share for installation of conservation practices.
- Promote conservation educational activities through displays.
- Administer State Conservation Programs such as RIM, Cost-Share, etc.
- Member of the TEP panel for the Wetlands Conservation Act of 1991.
- Provide a native grass drill for conservation seeding.
- Administer a county well – sealing program, contingent upon funding from County Water Plan (CLWP).
- Assist walk-ins and customers – provide information or direction to a contact person.
- Enter Cost-Share information into the ELink program for resource management for BWSR.
- Assist NRCS with filing and sorting files.
- Tom Orr serves as County Ag Inspector for Swift County, also works with the AgBMP loan program.
- Gemma Kleinschmidt provides Farm Bill assistance in cooperation with NRCS for EQIP, RIM, and CRP programs. Attends local MN Prairie Plan team meetings.
- Sheri Gades attends the Chippewa River Watershed Project meetings monthly and submits CWL incentive applications.
- Tom Orr and Andy Albertsen attend Pomme de Terre River Association meetings and assist with plans.
- Pope Swift Cooperative Weed Management Area helps identify invasive species in Pope and Swift Counties.
- Provides information and takes sign up's for Walk In Access Program
- Technical Service Assistance provided through Area 2 TSA agreement.
- Andy Albertsen administers the State Buffer Law in Swift County & assists landowners throughout the process.

### **Education Activities**

- Conservation Cooperator Award – Wentzel Family Farms received the award this year.
- Arbor Day – Each 6<sup>th</sup> grade student in the KMS School received a spruce tree to plant.
- Newsletter – One newsletter was printed in partnership with NRCS, and one annual report was distributed to essential partners.
- Envirothon – Encouraged participation in the event, although no one participated from the local schools.
- Water Festival – 5<sup>th</sup> & 6<sup>th</sup> grade students from Benson and KMS schools visited 18 different learning stations dealing with conservation of soil and water.

- Swift County Fair, Appleton – Conservation Booth was staffed during the 4 day fair in conjunction with the new Buffer Program Information.

### **Program Activities**

- County Ag Inspector received 3 weed complaints. Phone calls to landowners were made. The areas were cleaned up.
- Leafy Spurge beetles were collected and released in 5 locations around the county and some were sent to Pope County. A multi-county collection was held with 6 counties. Beetles were collected and brought back to their counties.
- Seed samples (41) were taken and tested for purity & germination throughout the county.
- A total of 8 chemical applicator tests were given during the year.
- DNR Observation Wells – The SWCD monitors 27 wells monthly for 9 months. Readings are entered on the Internet and compensation of \$30.00 per reading is received quarterly.
- Tree plantings – 5,264 trees were planted in 4 shelterbelts, field windbreaks, living snow fences, and wildlife plantings covering 6 acres. Approximately 14,390 feet of weed barrier fabric was applied.
- Rainfall Monitoring – Six sites in Swift County are used to monitor precipitation. Reports are submitted monthly.
- Grass Drill Seeding's – 623.42 acres of conservation seeding in 37 areas throughout the County were done using the District's grass drills.
- State Cost Share Practices – 1 waste facility closure was completed using State Cost-Share funding.
- The District site checked 52 RIM & CREP easements parcels and 12 cost share practices.
- Farm Bill Biologist – Encouraged and worked with landowners to sign up for CRP and RIM, 163 CRP conservation plans were written in 2016, totaling 1528.7 acres
- EQIP – There were 5 contracts for the 2016 year. There were 564.6 acres signed up for various practices. Also there were 9 applications for CSP.
- Swift County was involved with Pope County in a cooperative weed management plan. In 2016 the interns drove the roads of Swift County and did some spraying of invasive species such as Wild Parsnip, Leafy Spurge, and Common Tansy to be controlled in the upcoming years. Out with County Roads Supervisor to locate areas that need weed control.
- Identified invasive weed species in Swift County and used GPS to map and to monitor the spread of these plants.
- Sign up for the MN Walk In Access Program enrolled 1 contract in 2016 for a total of 110 acres.
- Tracked buffer compliance resulting in 1541 parcels being affected by the Buffer Law.

- Mailed letters to the affected by the Buffer Law. Also held a public meeting.

### **Agency Coordination**

The District office is involved with several multi-agency groups that meet on a regular basis.

These include the following:

- ❖ Pomme de Terre River Association – Portions of the watershed are being sampled for water quality. MPCA is sampling locations in Swift County at this time.
- ❖ Chippewa River Watershed Project.
- ❖ County Ag Inspector gave presentation at township official's annual meeting.
- ❖ County Local Water Management Plan – The District is involved with the County Local Water Management committee.
- ❖ NRCS – The District is involved with the Public Input meeting and Local Workgroup meetings.
- ❖ MN Dept. of Ag. – The District works with the MDA in administering the MN Ag Water Quality Certification Program in Swift County.
