

2026 Native Grass Drill Agreement

This agreement dated _____ between the Swift County Soil and Water Conservation District (SWCD) and _____ (cooperator). Through this agreement, landowners will be allowed to use the SWCD's native grass drill for a **\$100.00** user fee if delivered in county. If delivered out of county, rates are: 0-10 miles: \$175, 10-20 miles: \$250 PLUS a **\$12.00/acre** charge for a **10'** drill and **\$14.00/acre** for the **12'** drill (rates set January 2023). In addition to rental fees, a **\$100 fee** will be added if equipment is not returned in a similar condition to how it was dropped off. This means that ALL seed must be removed from seed boxes and mud cleaned from the drill. If seeding **cover crops**, the user fee will still apply, but the per acre fee will be waived for the first 30 acres, and per acre charges will be ½ rate for each acre after 30 acres.
